EXPLANATORY NOTE.

THE excess expenditure of Rs. 4,644 on establishment and contingencies of the office of collection is due to the payment of Rs. 4,327-12-9 (for which no provision was made in the Budget) claimed by the Accountant-General for the cost of valuation establishment during 1875-76, and to the employment of some more extra peons than was budgetted for for the collection of arrears. The excess expenditure has been met from savings on works.

No provision was made in the Budget for the contingent expenditure for Committee's office, hence the excess expenditure has been met from savings on works.

The expenditures on Original Works and Repairs, for which there are no Budget allotments, and in which the Budget allotments have exceeded, have been met from the savings of Budget allotments on Original Works and Repairs respectively.

The excess expenditure on Tools and Plant is due to the purchase of and carriage of 21 stone-rollers. This excess expenditure has been met from savings on works.

No provision was made in the Budget for the establishment, contingencies and petty construction and repairs of staging bungalows. The expenditures under these heads have been met from the savings on works.

Vice-Chairman.

Abstract of a Report by the Chairman of the District Road Cess Committee, Mozufferpore, on the Committee's operations for the cess year 1879-80.

THE District Committee held thirteen meetings; eleven were fairly attended, and two were adjourned for want of a quorum. The Branch Committees at Hajeeapore and Seetamarhee held one and two meetings respectively.

The most important work of the year was the construction of a masonry bridge of three arches of 35' span each over the river Lukhundy, 23 miles south of Mozufferpore, on the main road to Seetamarhee; another masonry bridge of two arches of 35' span each was constructed over the river Dunda, on the road between Moteepore and Sabehgunge bazar. Twenty culverts have also been constructed, and they have improved the drainage of the villages in their vicinity. Young trees to the number of 18,347 have been planted out from the nurseries, and the trees planted out in 1878-79 have been maintained.

The general condition of the roads was excellent.

The subordinate officers of all departments of the Committees' establishments did their work satisfactorily.

Abstract of a Report by the Chairman of the District Road Cess Committee, Durbhunga, on the Committee's operations for the cess year 1879-80.

THE percentage of the cess collections on the demand was 84·6, and the outstanding balance at close of the year was Rs. 23,789.

The District Committee held nine meetings, at three of which a quorum was not present, and the percentage of the average attendance to the whole Committee was 17 only. The Branch Committee at Madhubuni held two meetings, but one of them was adjourned for want of a quorum. The members of the Tajpore Branch Committee are reported to have taken great interest and trouble over local village roads.

The greater part of the original works remained unfinished at the end of the year. The roads were extensively repaired, however, as they were severely injured by the unusual floods of 1878-79; most of them are in fair order now, but some require extensive repairs to keep them passable. Rs. 14,508 were spent on village roads, and 2,765 trees have been planted on the roadsides.

The different establishments employed under the Committee gave satisfaction in the discharge of their duties.

Abstract of a Report by the Chairman of the District Road Cess Committee, Sarun, on the Committee's operations for the cess year 1879-80.

THE discontent of the people with the road cess, though it has not disappeared, has not increased. The cess collections were 86·35 per cent. on the demand.

The rains and flood hindered the progress of works, otherwise about Rs. 20,000 more would have been expended. The Committee have fixed a limit for their grant for the repair of roads in order that they may have a larger sum available for metalling the main roads of the district. Steam communication has been established under the auspices of the Road Cess Committee between Chupra and Patna. A steamer carrying 125 passengers plies daily between Chupra and Dinapore; and a cargo steamer, carrying 2,000 maunds, besides having accommodation for 250 passengers, plies three times a week between Revilgunge and Patna City. The success which has attended the steam ferry venture is complete, and the profit from the cargo vessel promises to be considerable; it is also in contemplation to establish steam communication between Revilgunge and Sewan if the Sarun irrigation scheme proves successful in keeping sufficient water in the river Daha.

A nursery of young fruit-bearing trees has been established, and similar nurseries are being started in the compound of all inspection bungalows; the operation of planting trees on the roadsides will be commenced at once.

The working of the engineering establishment under the Committee was not quite successful, nor such as to meet with full approval. A change in District Engineer occurred during the year, and the current half-year's work is looked to for proof of greater efficiency than has yet been attained. The different office establishments worked satisfactorily on the whole.

Vice-Chairman.

Explanatory Sheet to accompany the Annual Accounts.

1. In the column headed "Amount as per Budget Estimate" of the detailed sheet of expenditure, Rs. 4,926 have been shown on account of establishment and contingencies of the office of collection, and Rs. 1,054 on account of establishment and contingencies of the Committee's office, instead of Rs. 4,207 and 930 shown respectively for them in the Bengal Government Resolution No. 428 of 11th May 1880, thus making a total difference of

Rs. 843 between the two. This difference is due to the exclusion by Government of the following items from the budget—vide Bengal Government No. 86J of 7th July 1880—

					Rs.
Towjin&vis	for 9 months,	@	Rs. 25 per month	...	225
2 Mohurirs	for 9	"	@ " 20	"	360
1 Poddar	for 9	"	@ " 7	"	63
1 Mohurir	for 9	"	@ " 15	"	135
1 Extra clerk	for 6	"	@ " 10	"	60
Total					843

In the annual accounts these items were retained in consequence of the aforesaid establishments not having been transferred to the Treasury, and the Committee having had to bear the charges.

2. The figures in antique indicate the sums which the Committee subsequently sanctioned for the works against which they are shown. The Committee was obliged to do so in consequence of certain estimates having exceeded their budget grant, and also on account of liabilities due to the contractors for works done in the cess year 1878-79 having had to be paid within the cess year under review. A statement showing extra sanctions and transfers from one work to another made by the Committee subsequent to the preparation of the budget estimate is herewith submitted.

Making puka approaches to the river Mahi.
Constructing bridges, Sewan-Gothni road.
Repairs to ditto, Setulpore-Sariaghat road.
Ditto ditto, Domalgur-Sohagpur road.
Ditto ditto, Khyra-Ramcolla road.

Ditto ditto, Sewan-Giswan road.
Ditto ditto, Surtra-Suddowa.
Ditto ditto, Tureya-Sohaghat.
Ditto road Annour to Laxapure.
Ditto Paliyaghat road.

3. The pay of the extra mohurir and peons entertained for the collection of road and public works cess arrears as well as the travelling allowances of the officers deputed for this purpose, were met from the total annual fees realized from the defaulting estates. Hence in the column of 'Budget Grant' no amount has been shown against them.

4. An explanation as to why no expenditure was incurred on the works noted in the margin will follow.

J. WHITMORE,

Vice-Chairman.

Vice-Chairman.

Abstract of a Report by the Chairman of the District Road Cess Committee, Champaran, on the Committee's operations for the cess year 1879-80.

BOTH the District Committee and the Bettiah Branch Committee did not take a very lively interest in their work, but the Chairman reports that the members of the District Committee seem really anxious this year for improved communications.

The country is being examined with a view to lay out a system of feeder roads to the proposed line of railway at Bettiah, but no works of any special importance were undertaken during the year. There are 586 miles of district roads which are bridged, and 229 miles of road unbridged and kept as dry weather roads, besides 91 villages roads varying in importance. A total length of 935 miles of road has been maintained, 16 large bridges have been thoroughly repaired, and a number of smaller ones replaced. Several of the bridges, however, are in a bad condition; 13,075 trees have been planted on the sides of seven roads.

The Chairman's and District Engineer's office establishments have been found to be unnecessarily large, and it is proposed to amalgamate them. The staff of overseers is, on the other hand, far too weak, and the Committee have resolved to increase the number.

Form of Audit Certificate.

We hereby certify that the books and accounts specified below,* prescribed for the Road Cess office and for the office of the District Engineer, are duly kept up, and that they have been posted for the year 1879-80, and they have been duly scrutinized by the Sub-Committee.

Also that the Treasury Officer's abstract of the account of the Committee for the year has been duly received and checked with the cash and pass books and found to agree with (except in respect of uncashed cheques which are above enumerated, and have been duly noted in cash-book).

That the vouchers for the payments of the year have been cancelled. That all necessary steps have been taken for the recovery or adjustment of outstanding advances, that none but duly sanctioned expenditure has been incurred, and that in the case of original works the register of monthly expenditure shows clearly the amount of sanctioned estimate, the grant for the year, and the expenditure on each work to end of the year; and generally that the work of the office has been performed with carefulness and regularity and with a due observance of the rules prescribed by Government.

No. 113J, dated Bankipore, the 14th March 1881.

From—F. M. HALLIDAY Esq., Commissioner of Patna.

To—The Secretary to the Government of Bengal, Public Works Department.

IN submitting the annexed Road Fund Reports and Accounts, from the districts * Patna, Gya, Shahabad, Mozufferpore, marginally named, for the past cess year 1879-80, I have the honor to state that, under Government order No. 973A of the 14th September last, it is not necessary for me to report in detail on the operations of the year, as the district reports and accounts supply all the information that is required. I shall therefore content myself with a few general observations on the points noticed by the Chairmen of the District Road Cess Committees.

2. The district reports were, I regret to observe, generally submitted late, they having been received in this office on the following dates :—

Surun	... 23rd December.	Durbhangah	... 27th January.
Patna	... 26th January.	Chumparun	... 1st February.
Gya	... 27th January.	Shahabad	... 5th February.
Mozufferpore	... 16th February.		

Thus it will be seen that none of the reports, except that from Sarun, were received on the prescribed date, viz. 1st January. Again, some of the reports were so incomplete that I had to make further references. Hence the delay in the submission of my Divisional Report, for which I beg to apologize.

3. The accompanying statement shews the details of the income and expenditure of the Road Fund in the several districts in this Division. The total receipts in the Division during the year amounted to Rs. 17,66,870, inclusive of Rs. 5,48,831 the balance in hand on the 1st October 1879, and Rs. 2,12,956 representing for the most part "deposits and advances." Eliminating the latter sum, the net receipts aggregated Rs. 15,53,914, against Rs. 15,88,390 provided for in the Budget. The net disbursements amounted to Rs. 12,06,851, against a Budget allotment of Rs. 15,31,321. The subjoined table shews the estimated and actual expenditure under the principal headings during the past year, as contrasted with the actuals of the preceding year.

HEADING.	Actuals of 1879-80.	Estimate for 1879-80.	Actuals of 1879-80.
	Rs.	Rs.	Rs.
1. Original works	3,19,954	7,51,181	4,81,072
2. Repairs	3,24,472	5,20,661	4,79,499
3. Establishment on works	1,47,407	1,69,772	1,58,192

4. The expenditure on original works this year exceeds that of the preceding year by Rs. 161,118, a result which is satisfactory. Looking to the figures of each district I observe that there has generally been an increase under this head in all the districts, notably so in Gya and Patna, where the expenditure on original works amounted to Rs. 1,14,496 and Rs. 1,11,768 respectively, making a total of Rs. 2,26,264, or nearly half the total sum spent on such works in the whole division. Mozufferpore is the only district which shows a falling off, the expenditure on original works this year amounting to Rs. 47,911 against Rs. 98,239 in the previous year.

5. As compared with the Budget allotments, the outturn of work under the head of "original works" does not seem to be satisfactory. None of the District Committees have been able to appropriate on original works the sums they had allotted for the purpose. In Patna out of Rs. 2,15,448 provided for in the Budget, a sum of Rs. 1,11,768 only was spent, while in Gya Rs. 1,14,496 were actually disbursed out of Rs. 2,00,320 budgeted for.

6. This, however, is not the case in the case of repairs, out of a Budget Estimate of Rs. 5,20,661, the actual expenditure amounted to Rs. 4,79,499, against Rs. 3,24,472 laid out in the previous year. The roads have been generally kept in fair order in all the districts, except Gya, where in my tour I found some of the roads in a very bad state and I have called the Chairman's special attention to this matter.

7. The amount spent on establishments was Rs. 1,58,192 or 17 per cent. of the disbursements on original works and repairs, against 22 per cent. in the previous year, which is a satisfactory reduction.

8. Most of the reports do not furnish sufficient information regarding village roads. It appears, however, that Shahabad spent the largest sum in the improvement of village communications, the amount being Rs. 24,855. Durbhangah too, shows a marked improvement in this respect, the expenditure incurred in it on account of village roads during the year being Rs. 14,507 against Rs. 1,646 in the preceding year. It is, however, very disappointing to observe that a sum of Rs. 938 only, was spent under this head in Patna, notwithstanding the comments made by Government in their Resolution on the last year's reports (*vide* paragraph 11).

9. The District Committees have generally worked well. The largest number of meetings was held by the Sudder Committees of Patna and Mozufferpore, all the Branch Committees, with the exception of that of Sewan, held meetings, though few in number, for the transaction of business. The only Branch Committees which exercised the powers of District Committees during the year were those in Shahabad. The system of vesting these Committees with enlarged powers is being gradually introduced in other districts during the current year.

10. The establishments employed in the collection of cess, and in the execution of works, have generally worked well.

11. Of the District Officers, Messrs. Worsley, and MacDannell, deserve favourable mention for the satisfactory administration of the Road Cess Department.

8	Ungtong (No. 17)	
9	Ibhoi Cherra (No. 24)	
	Patharia Cherra (No. 25)	
	Bhowal Cherra (No. 26)	

Tenders are invited for the lease of these quarries which will be granted for a term of seven years, commencing from 1st of January 1882.

Also for the lease of the undermentioned lime quarries for the period commencing from the 1st of January 1882 to 31st March 1890:—

Number of lot.	Names of quarries.	Where situate.
10	Sital Cherra (No. 19) Bursong (No. 20) Nakria Cherra (No. 23)	Khasi Hills.

The following are the principal and important conditions attached to the lease:—

1. That the revenue demand shall be paid half-yearly in advance.

2. That the lease does not convey any right or title to quarry and remove other minerals or to claim land or water, or anything but the limestone found within the boundaries described in the lease.

3. That in searching for limestone there shall be no interference with or trespass or encroachment on houses, tenements, gardens, or cultivation of private individuals.

4. That no public or private roads, thoroughfares, pathways, rivers, or water-courses shall be obstructed to the annoyance of any persons or the public, or to the impediment of free intercourse and trade.

5. That the lease shall not be transferable by sale gift, or otherwise without the previous sanction of the Deputy Commissioner.

6. That if *bona fide* operations be not commenced within a reasonable time, or shall cease for a period exceeding one year, during the currency of the lease, it will be liable to be cancelled.

7. That all right to quarry or remove limestone shall cease on the expiration of the term for which the lease is granted.

8. That the lease shall be liable to be cancelled for breach of any of the conditions thereof by the lessee.

The Chief Commissioner does not bind himself to accept the highest or any tender, and further reserves the right to refuse, at his discretion, a lease to any person holding already leases of other lime quarries.

There is water communication with all these quarries during the rainy season.

Tenders should be sealed and addressed to the Deputy Commissioner, Khasi and Jaintia Hills (Lieutenant-Colonel W. S. Clarke) by name, and marked "Tenders" outside, and should be posted so as to reach the Deputy Commissioner at Shillong not later than the 15th of December 1881.

PUBLIC WORKS DEPARTMENT, —BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 421.

The 12th December 1881.

THE following annual accounts and abstracts of the reports of the Road Cess Committees of the Burdwan, Bankoorah, Beerbhoom, Midnapore, and Hooghly and Howrah districts, of works done and in progress during the cess year 1879-80, together with the remarks thereon of the Commissioner of the Dacca Division, are published for general information.

G. F. E. S. NEILL, Major, M.B.C.,

Asst. Secy. to the Govt. of Bengal, P. W. Dept.

Abstract of a Report by the Chairman of the District Road Cess Committee, Burdwan, on the Committee's operations for the cess year 1879-80.

THE District Committee held 12 meetings, the Culna Branch Committee held four, and the Branch Committees at Rancegunge and Cutwa held three meetings each.

The state of the roads has improved. With the exception of the Jumna Nalla bridge, all the original works taken in hand were completed; and 39 roads, extending over 393 miles, were thoroughly repaired. Rupees ten thousand three hundred and twenty-six were allotted for village roads, and paid over to the parties applying for repair of roads in their villages. Some of these roads were still under construction at close of the year. One thousand three hundred and eighty trees were planted out on the road sides.

The several establishments under the Committee did their work satisfactorily, except in one instance which the Committee rectified.
